GO-TO FOR LAW FIRM GROWTH

With over three decades of experience at Citi, Naz Vahid transformed how financial institutions serve the legal and then professional-services sectors. As the architect behind Citi's global professional-services banking model, she built a \$900M Wealth at Work business including building the leading law firm group from \$170M to \$700M business in a decade—launching innovative capital, FX, escrow services and wellness solutions and expanding into Europe. Her expertise lies in anticipating industry shifts and designing strategic, client-centric solutions that blend capital, insight, and execution.

TRANSFORMATIVE LEADER & BUSINESS BUILDER

Rising from Credit Analyst to Managing Director and Global Head of Citi Global Wealth at Work, Naz combined rigor with empathy to build scalable teams, new business verticals, and lasting financial frameworks—earning Euromoney recognition for transforming the model. Today, as Co-Chair and President of Oxford Strategic Legal Advisors (OSLA), she applies her decades of executive leadership and corporate-banking expertise to guide law firms through growth, M&A, and capital-strategy initiatives.
